

ELECTRONIC RESEARCH ARCHIVE

eISSN 2688-1594
2020 IF: 1.833

ABOUT JOURNAL

Electronic Research Archive (ERA), formerly known as *Electronic Research Announcements in Mathematical Sciences*, publishes original and expository full-length research articles of significant advances in all branches of mathematics, applied mathematics and related fields. All articles should be written to communicate their contents to a broad scientific audience and must meet high standards for scientific content and clarity. After review and acceptance, articles enter production for immediate publication.

- ERA is a free access, quarterly publication.
- It is indexed in Mathematical Reviews/MathSciNet, SCIE, zbMATH Open, and more.
