About Journal

The Journal of Modern Dynamics (JMD) is dedicated to publishing research articles in active and promising areas in the theory of dynamical systems with particular emphasis on the mutual interaction between dynamics and other major areas of mathematical research, including:

- Number theory
- Symplectic geometry
- Differential geometry
- Rigidity
- Quantum chaos
- Teichmüller theory
- Geometric group theory
- Harmonic analysis on manifolds

Founder of the Journal: Anatole Katok

Editor in Chief
Giovanni Forni
gforni@math.umd.edu

Managing Editor
Svetlana Katok
sxk37@psu.edu

Associate Editor for Production
Ilie Ugarcovici
iugarcov@depaul.edu

- JMD publishes each article online whenever ready; the whole volume is printed in a single book at the end of the year.
- It is indexed in SCIE, Mathematical Reviews/MathSciNet, Scopus, zbMATH Open, and more.
- The journal is published by the American Institute of Mathematical Sciences (AIMS) with the support of the Anatole Katok Center for Dynamical Systems and Geometry at Pennsylvania State University.
